

*** التحدي رقم 01 ***

انجاز العمل أسفله وارساله على شكل فيديو.

اخر أجل هو نهاية يناير 2022

ستضاف نقطة للفرض الثاني مع الدعوة الى الانضمام إلى فريق مسابقة
الأسبوع العربي للبرمجة.

Lost in Space

LOST IN SPACE FULL CODE LISTING

SPACESHIP
The spaceship launches and then heads for Earth.

when clicked
set size to 100 %
switch costume to spaceship-a
go to x: -150 y: -60
point in direction 0
say Let's go! for 2 secs
point towards Earth
repeat 100
move 4 steps
next costume
change size by -1

This loop makes the spaceship move repeatedly while switching costumes and getting smaller.

MONKEY
The astronaut monkey is set to spin forever in space!

when clicked
forever
turn 1 degrees

STAR
The star twinkles in the night sky.

when clicked
set size to 100 %
forever
repeat 20
change size by 2
repeat 20
change size by -2

Two repeat loops cause the star to get bigger, then smaller again.

ASTEROID
This piece of space-rock bounces around the screen.

when clicked
go to front
point towards Earth
bounce
move 2 steps
if an edge, bounce

Whenever the spide hits the edge of the stage, it's bounce off.
