## سؤال كتابة ( مقال نقدي / سيرة ذاتية / قصة قصيرة )

### "A review about something I bought online"

In fact everything in our life has positive sides and negative sides as well! No one can deny that online shopping has become more and more popular nowadays .Last week, I saw that my parents were interested to have a coffee machine. So, I decided to get them a good one. I bought it as a present for them. They are very happy with it. It helps mum make the coffee dad likes. It looks great in their kitchen and it is easy to use. It is also quiet. It makes delicious cups of coffee. The delivery was quick, too! I only waited for one day! The price was really good. It was really a good deal. I recommend that you buy one like it.

## "A review about Items you have in the kitchen"

There are many items that I use in my kitchen. They are very useful things that help me. They help me to do things quickly. I have a microwave, fridge, cooker, coffee machine and a toaster. I use the microwave to cook food quickly. The fridge is very important. I use it to keep food for a long time. It also makes food cold. I have a coffee machine which I use to make delicious coffee for the family. There is also a toaster. I use it to make bread warm. I think all items in the kitchen are important and useful.

## "A review about the best and worst items of technology in my house"

We all know that technology is important these days. It helps us a lot in our life. There are many good items of technology in my house such as the fridge, the computer, the TV, and the internet. The best item of technology in my house is the computer. It helps me a lot. I can do a lot of things on the computer. I can search information on the internet. I can play games. I can watch films on it. I can communicate with my friends. The worst item of technology in my house is the kettle because it uses a lot of electricity.

## "A review about my city"

I live in Cairo. It is a great city. It is located in the north of Egypt. About ten million people live there. The River Nile runs through it. It is the longest river in the world. A lot of tourists visit Cairo every year because it has a lot of museums and historic places. It has the Egyptian Museum, the Citadel and the Pyramids are very near in Giza. There are a lot of factories and companies. Also, there are a lot of parks and clubs. The metro helps people to go around Cairo very quickly. It is a nice place.

## A biography of a person I like / my role model a sports player

Mohamed Salah is the person who I admire most. He was born in a village - Gharbia. He is polite and hardworking. He has played for many teams. He also plays for the Egyptian National Team. He scored many goals for our team. He played for Roma Team. Now, he plays for Liverpool England and scored many goals. Liverpool is a very good team. I like the way by which they play. Players are so active and present great shows and good results. Happened after Salah's joining them. Salah added much speed to the team. Salah has got a lot of important awards - Africa and Europe

## "A short story you read"

My favourite story is Alice's adventures in Wonderland. It's a children's story. Alice is the main character of the story. She is a clever girl. She's also sensible. She goes to Wonderland and meets a lot of interesting characters there. She meets the White Rabbit who is always busy. The Cheshire Cat is a funny animal. He is very friendly. He tells Alice about Wonderland and helps her to find different places. The Queen of Hearts is not very nice. She is a scary person. She is always angry. Alice is brave, so she is not frightened of her. At the end of the story, all the characters help Alice so she can go home again. I learned from this story that friendship is very important for us.
